## North Campus

The 100,000-square-foot Hendrick Center for Automotive Excellence serves as an employment pipeline for the Triangle region's automotive dealerships. Its programs generate a skilled workforce capable of servicing the latest vehicle technologies, including hybrid and all-electric vehicles.

The facility is designed to draw out the best in students and motivate faculty and visitors to engage in the discovery of their craft. The architecture aims to serve as a benchmark facility for producing the next generation of innovative automotive repair technicians and thinkers. The facility can accommodate 200 students.

Hagerty is an American automotive lifestyle and membership company and the world's largest provider of specialty insurance for classic vehicles. We began as a niche insurance agency with a revolutionary idea - create coverage that protects collector cars for what they're really worth, and actually encourage people to get out and drive.

## Jaguar Land Rover Raleigh

Jaguar Land Rover of Raleigh is a part of the Leith Automotive Group. We are proud to provide Jaguar and Land Rover vehicles to the great people of this area. We are very thankful for the business and the opportunity to serve this community.
